

C-180

C-Band DISH

Features

Receiving all single and dual polarized C-band satellite signals

Receiving horizontal and vertical signal

Excellent DRO and gain flatness

Qualified for working in harsh environments

Superior low noise performance

Specifications/Model	C-180m
PETALS	6panels
DIAMETER	180CM
Thickness	0.7mm
FOCUS	740mm
C-BAND GAIN@4.0GHZ	36dB
Elevation	0-90 °
Azimuth	0-360 °
Efficiency	75%
Standard fixup	G/P/W
surface	Polyester powder coating
Operating Temperature	-40 ~ +60
material	steel
